TESTIMONIAL

"Noor combines creative ideas with a down-to-earth approach. She thinks ahead, switches quickly and keeps an overview even during a busy event."

Lotte van Dalen
Project Manager at Bright Events

ACHIEVEMENTS

New content approach

Developed a new content approach for Studio Vonk, which clearly increased online interaction in six months. In addition, I produced campaigns for events with 100 to 1,500 visitors.

Launch of the Young Makers Festival

Developed the campaign concept and coordinated the online communication. The campaign reached more than 40,000 people and the festival was sold out a week in advance.

EDUCATION & TRAINING

2023	Online Storytelling course Content Academie
2021	Bachelor of Communication Fontys University of Applied Sciences
2020	Minor Event Management Hogeschool Rotterdam
2019	Course in Photography and Visual Language Creatief Instituut Zuid

Outside work, I enjoy being creative and exploring new places. I take ceramics workshops and love making things with my hands. Traveling also gives me plenty of inspiration, from colorful markets and local dishes to quiet days by the sea. I usually come home with new ideas, lots of photos and a few too many souvenirs.
